Located in Doncaster East, this brand-new contemporary development brings together thoughtful design, accessibility and everyday comfort in a well-connected Melbourne suburb.

The project includes two purpose-built 3-bedroom homes (plus OOA), designed to support shared living while still giving each tenant their own space. Each home features private ensuites, allowing for privacy and ease in daily routines, while shared living areas create a natural place to connect.

At the centre of each home, open-plan kitchen, dining and living spaces support both quiet routines and time spent with others. The layout is clear and easy to move through, balancing independence with the benefits of shared living.
