Experience the Best of SDA in Boondall

Each tenant will have:

Created for people who value both independence and comfort, this beautifully designed Improved Liveability home offers a welcoming place to settle into everyday life.

Every space has been considered to create an environment that feels open, practical and easy to enjoy, with a layout that supports privacy while encouraging connection when you choose. Each of the two tenant bedrooms has been positioned to provide its own sense of space and includes a built-in robe and private ensuite, giving residents a comfortable retreat that feels truly their own.

The home includes a dedicated Onsite Overnight Assistance (OOA) room, ensuring support is available whenever required while promoting tenant independence.

The central living zone has been designed as the natural gathering place within the home. Whether preparing meals, sharing dinner or simply relaxing together, the generous kitchen, dining and lounge create an inviting setting for everyday living. A large walk-in pantry adds extra storage, while the covered alfresco provides another place to unwind, entertain visitors or enjoy Queensland's outdoor lifestyle.

An additional multi-purpose room brings even more flexibility, making it easy to create a second lounge, games room, study or quiet sensory space depending on the needs of the people living in the home. A double garage, well-planned laundry, powder room and ample storage complete a home that is as practical as it is comfortable.
